ANTIX NEW ALBUM RELEASE DATE - MAY 2010

A seamless mix of 9 original tracks choreographed to evoke a constantly evolving journey. Cavalier's bravado is its crispy rhythmic hooks, minor harmonies, melancholic drifting pads, pulsating wobbly basses and teasing leads. Galloping its way triumphantly, slowly building to leave you gently back at your door step. It's a journey you will want to repeat.

Contains a bonus remix disc with 10 exclusive edits from Hernan Cattaneo, Dousk, Beckers, Jamie Stevens, Djuma Soundsystem, Erphun, Continuum, Opiuo & more.

Double CD available through Psyshop.

Digitally through Beatport, iTunes, Juno and all usual outlets.
